THEVENON

MAISON FONDÉE EN 1908

PARIS

Since 1908 the Maison Thevenon has cultivated the art of textile creation thanks to outstanding printed and woven fabrics based upon four generations of French textile tradition.

Today Vincent Thevenon is spearheading a new era at the famous French company, bringing his passion for design, color and material with twice yearly collections.

At Maison Thevenon creation is at the core of the company's values, projected through a team of dedicated designers.

To support the strategy, Maison Thevenon associates its collections with renowned names of French design, such as InkFabrik, Nathalie Lété, Prune Cirelli, Stella Cadente, François Bauchet...

OEKO TEX CERTIFICATION

Our printed fabrics have the Oeko Tex approval that focuses on the human ecological quality of textiles.

This means that our fabrics do not release any azoic dye having a carcinogenic effect such as arylamine from the MAK III A1 and III A2 groups, nor does it contain any allergenic dyes. Pesticides and chloric phenols are tested on our fabrics as well as the possible release of heavy metals as a result of contact with sweat.

Our fabrics do not contain formaldehyde, their pH corresponds to our natural skin's pH and they contain neither organo-chloric accelerator of colour, nor primer biocide.

MATERIAL GLOSSARY

AC : ACETATE

CO : COTTON

EL: ELASTANE

JU : JUTE

LI : LINEN

LU : LUREX NY : NYLON

PA : POLYAMIDE

PC : ACRYLIC

PE : POLYETHYLENE

PL : POLYESTER

PP : POLYPROPYLENE

PU : POLYURETHANE

PV: POLYCHLORURE DE VINYLE (PVC)

RA : RAMIE

SE : SILK

VI : VISCOSE

VY : VINYL

WM : MOHAIR

WO : WOOL
